THEY ARE TO BE WEEDED OUT

Only Men Who Will Be Faithful to Duty Wanted in these Important Positions - Those Who Have Not Missed a Roll Call Since Jan. L. Death of Colonel Ripple's Military Horse-Other Notes of the Guard.

There are some surprises in store for those non commissioned officers who have persistently absented themselves from company drills. The examination of the non-come' roster kept in the adjutant's office reveals the fact that since January I there has been the most flagrant disregard for attendance upon the part of non-come in some of the companies of the regiment. These delinquents will be asked to explain this serious breach of discipline and example upon their part

Colonel Rippis is determined that non-commissioned officers of the Thirteenth shall be officers who attend strictly to their duty, and not merely figureheads, and he proposes to weed out all who do not attend drill, or who may be otherwise incompetent to fill the honored position of a non-commissioned officer, and replace them by worthy men, of which there are a great number in each company who will be only too proud to don the non-com-chevron. The non-commissioned officer is an important factor in a regiment. He must therefore be intelligent and attentive to duties. The silent influence of the non-commissioned officer in the company or regiment is too important to allow of flagrant absence from drill, thus setting a damaging example to

INCOMPETENTS MUST GO.

The non-com who cannot fill his of fice with competency and who cannot, or rather does not attend company drill must go, and the sooner the better for the advantage of the regiment. There have been thirteen roll calls (including two non-com schools) thus far this year, and it is a notorious fact that two corporals of one of the companies have only answered one roll call each. While the roster shows this and other flagrant absence without leave it also shows that which is refreshing and satisfactory, and at the same time ommendable record of attendance upon the part of a few non-come who are men who realize the importance of their office and honorably and concientiously discharge their duties to the honor and credit of the regiment. Here is the roll of honor. The following have not missed a roll call since
